A Daily Once A Week

VOL. 108 NO. 21 | Price 10c Per Copy | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, AUGUST 10, 1967 | All Departments 697-4671 | 10 PAGES TODAY

CITY LAKELESS

This is the place where City Lake in Wilson - Ledbetter Park was. For the first time in perhaps 30 years, it is nothing more than mud, cracked, caked and baking. A week of 100-plus temperatures finished the balance of the lake, already low. The lake at Cameron Country Club also is low.

DROUGHT:

Wells Drying Up As Milam Measures .78 Inch In July

COTTON VIEW DIM AS STOCK PRICES HOLD

Water wells in Cameron were reported drying up this week as the area continued to bake under 100-plus degree temperatures.

Alvin Hefft, city water superintendent, said Cameron had a plentiful supply of water from Little River, but confirmed that private wells were going dry. Rainfall recorded in Cameron during July totaled a low .78 of an inch. No rain was recorded for August.

The searing heat and continued drouth previewed dim prospects for Milam agriculture. A combination of insect damage and no rain will probably reduce the cotton crop to ¼ bale per acre and cattlemen are doing some early selling because of barren pastures.

Part of Milam County is included in an egg-shaped oval running from Temple southward to Seguin, Lockhart, San Antonio area where the rainfall deficit is greater than any recorded in the United States this year.

CATTLE SELLING

Livestock producers were taking heart in the fact that prices are good and last week they received government approval for haying and grazing reserve cropland. A telegram from Sen. Ralph Yarborough to The Herald confirmed that Milam was one of 10 Texas counties offered haying and grazing privileges on the reserve cropland.

Wally Eldridge, manager of the Cameron Livestock Auction, said they were having larger runs with 700 to 800 head of cattle expected at the sale this week. He added that most of the cattle were being shipped to areas where rain had been plentiful and prices were remaining very good.

COTTON POOR

Alva Sanders, manager of the ASCS office in Cameron, said about 27,000 acres of cotton had been planted in Milam County, but agreed with the ¼ bale per acre predictions. He said the crop was so poor that some growers who were insured through the Federal Crop Insurance had been credited with a complete loss and were clearing their fields. Across the state the cotton crop is expected to be the smallest since 1946 -- 2,775,000 bales.

Sanders said farmers who had gotten their grain in early had done well this year but added, "over all it is a pretty rough year for Milam County agriculture."

TEMPERATURES

In Cameron official temperatures recorded during the past week were:

August	HI	LO
2	101	75
3	102	74
4	103	72
5	102	70
6	103	75
7	100	71
8	102	73

108

With F.M.L.

James Hollas is joining the ranks of Texas journalists whose background is in University of Texas' Daily Texan experience.

James, 29, and a junior, has been named fall semester managing editor of the student daily, a 22,000-circulation paper.

Amidst cracks about the "press never getting anything right", 108 remembers James when he began in the backshop of the ol' Herald about 1958, a short time after Robert Mann, now a night city editor with the Fort Worth Star-Telegram, and soon headed for journalism graduate school at the University of Colorado.

James went to the Corpus Christi Caller-Times from The Herald in 1963 after a back to foreground view of newspapering here. James has worked all the way, now a scholarship student at UofT, and through Del Mar Junior College.

If you read this column, you are familiar with James' progress through the years.

Corny or not, The Herald has a tradition about its people doing their best, as they have demonstrated time and again whether still working here or moving to other areas of opportunity. We think this is the example this country needs, not the incredible, idiot savagery of revolutionaries, however infinitesimal the number, whose only answer is hate when they don't know the question.

108-108-108

We think the press' problems of authenticating some news is in direct ratio to the evasiveness of public news sources, whether City Hall or the UN. In many cases, the source releases that information which protects itself, not that which will inform the public, whom ostensibly the source serves.

108-108-108

To paraphrase Gertrude Stein "a low bid is a low bid is a low bid."

The City of Waco thinks so. The City of Temple thinks so. The Texas Highway Department thinks so.

With these on one occasion the City of Cameron apparently disagrees.

The Waco News-Tribune of July 27, front page, listed Downing Brothers, Inc., low bidder at $18,625 for resurfacing about 38 blocks of Waco city streets.

The Temple Daily Telegram of August 4, front page, listed Rohan Co., of Waco, low bidder at $1,524,12 for water department fittings for City of Temple. Next low bid was $1,530.07.

The Cameron Herald of August 3, front page, listed Downing Brothers, Inc., of Waco, low bidder at $488,029.34 for reconstruction of US 79 from Rock Creek to Thorndale, a distance of 4.2 miles including a new concrete bridge over Salty Creek. Announcement was by Texas Highway Dept.

Two of the three low bids happened to be the firm which was about $970 low bid on a $200,000 plus paving project in Cameron, and lost.

SCHOOL GETS TENTATIVE OK FOR TITLE I

Cameron Public Schools have received tentative approval for a $129,381.00 Title I budget for the 1967-68 school year. Supt. D. R. Dodson said the Title I funds will be about $12,600 under last year, but will provide basically the same program.

"Last years Title I funds included some $10,000 to purchase a house for Special Education instruction," Dodson said, "so the only change will be two or three fewer teacher aides and a slight cut in special services."

Supt. Dodson said Title I would continue to provide a remedial program, nurse, social workers, and teachers aides.

Dodson also said the School Board would adopt a 1967-68 budget and select an auditor for the past year at a meeting 7:30 p.m. Thursday (tonight). Other business on the agenda will be opening of bids to provide milk, meat, bread, gasoline and bus servicing for the coming year.

School Board members are also expected to review vacancies in the faculty. Dodson said they were taking applications for a commercial teacher, two special education teachers, an assistant coach, girls physical education teacher for O. J. Thomas and 4th grade teacher.

FAMILY REUNION

Mr. and Mrs. Jerry Matula attended the Hunt family reunion at Atlanta, Texas.

Yoemen, Boosters Enjoy Ice Cream

Rev. James Lafferty, incoming president of Cameron Boosters Club, Tuesday night welcomed about 150 prospective Yoemen and boosters at an annual ice cream party at City Park.

The group ate about 20 gallons of ice cream.

Succeeding outgoing president Richard Williams, Rev. Lafferty introduced vice president Birdie Shumate and secretary-treasurer Emmet Carson. Officers and directors were elected by acclamation.

New directors are: Gene Friemel, Tommy Kirk, B. L. Miller, Joe Mueck, and Richard Williams.

Coach Ken Fuqua welcomed the support the Booster Club gives each year and introduced two new assistant coaches, Hal Stanislaw and Edward Glasscock. He is still interviewing applicants for a third assistant coach's opening.

Fuqua also introduced 1967 grid prospects, who announced their names and weights. The frosh to senior 40 or 50 prospects, probably the largest in size and potential in recent Yoe history, were to be joined Monday for the opening of two-a-day drills.

Fuqua said the team will dress in gym shorts and football shoes for morning sessions and wear full uniform in the evening. Yoemen were taking physicals Wednesday and shoes were being issued Thursday: seniors, 8:30 to 9:30 a.m.; juniors, 9:30 to 10:30 a.m.; sophomores, 10:30 to 11:30 a.m.; and freshmen, 2 to 3 p.m.

Fuqua also announced that four co-captains elected by the team this year are: Kirk, Jim Lafferty, Glenn Fogle and James Dohnalik.

Rev. Lafferty suggested that the Booster Club consider the purchase of a Sonolator as a gift to Yoe High School athletic department. Costing about $895, the machine enables players with muscle injuries fast treatment and recovery. Other equipment is also being checked out.

The Booster Club this year is handling sales of advertising in the football program and sales at games, Rev. Lafferty said. Money on hand and income from the program could pay for the machine.

Membership of about 125 in the Cameron Booster Club is sought, he said. Carson signed about 25 new members Tuesday night.

Principal Alvis Fuquay reported that YHS season and game tickets are on sale at his YHS office.

Foundation Readied For Yoe Band Hall

Foundation was being poured at mid-week for the new 50x80 foot band hall north of the Yoe High School gymnasium on 12th Street, Supt. D. R. Dodson said the metal band hall building was scheduled to arrive by truck Saturday and should be in place by next week.

The new band hall will empty a large area on the second-floor wing in Yoe gym which will be used for classrooms.

TEEN CENTER COMMITTEE VIEWS IDEAS

A Chamber of Commerce committee will discuss ideas for a teen center in Cameron at a meeting in the Chamber office at 7:30 p.m. Thursday (August 10).

John Henderson Jr., Chamber president and member of the teen center committee, said the group had an organization meeting in July and hoped to form some definite plans in the meeting this week.

"We are certainly open to suggestion at this point," Henderson said, "and will welcome any ideas on planning a teen center that will really be used."

Rockdale has had dances for teenagers at the American Legion Hall during the past year and Belton has operated a successful teen center for several years.

Suggestions for the Cameron teen center have included renovating a vacant downtown building and clearing and equipping little-used property in Ledbetter Park.

Members of the teen center committee are Dr. John Martin, Bill Storey, Barney Owen, Lawrence Zotz, Ken Fuqua, Mrs. E. O. Schiller, Jr., Mrs. Paul Board, Diann Kurtz, Mark Meyer and Henderson.

Barmore Injured In Two - Car Accident

Roy Barmore was injured in a two car accident at West Main and So. Crockett streets about 10:55 a.m. Wednesday.

Police Chief Don Casetllo said Mrs. Helen Stevens Hairston was driving east on West Main and Mrs. Roy Barmore was driving south on Crockett when the cars collided in the intersection. Barmore was taken to Newton Memorial Hospital by a Green ambulance where he was treated for cuts on the head and face.

Budget Hearing Set For United Fund

A meeting of the Cameron United Fund budgeting committee will be 3 p.m. Tuesday, August 22, at the Cameron Chamber of Commerce.

All organizations wishing to present their requests to the United Fund Committee are asked to notify Mrs. Barbara Smitherman, Chamber of Commerce, for scheduling. All applicants will be scheduled for appearance.

3RD DRY HOLE . .

Oil Patch 'Hot'

By Lloyd Albertson

South Milam County continues to be one of the hot spots in the Texas oil patch.

At mid-week, the area had one new well completed, one wildcat waiting on rig to be spudded, a new dry hole, and the field's third, and a deep wildcat drilling and reportediy nearing its objective, the Edwards Lime.

The deep wildcat underway is the J. M. Huber Corporation No. 1 Robie Love. Location is on a 2,038 acre lease in James Shields Survey about three miles south of Milano and the same distance northeast of the North Milbur Field.

The Love is permitted to 6,400 feet and has the Edwards as its objective. However, the Edwards is not expected to lie that deep in that area. Sources said the wildcat was drilling close to its objective or possibly was down. No depth was reported.

The Huber Corporation is no stranger to the south Milam area; in association with R. E. Smith of Houston it has drilled four wells in the Milbur - North Milbur Field.

Huber and Smith's newest completion is the No. 1 W. P. Hogan, brought in about 10 days ago. The Hogan is located on a 173.57 acre lease in D. W. Van Veighten Survey 660 feet south of the Luling Oil and Gas Co. No. 2 Joe Martin. It reportedly is an excellent producer. Potential has not yet been filed.

The dry hole—third for the field—was the Ashland Oil and Refining Company's No. 1 Cliff Blackburn. Location was on a 90 acre lease in Smith Vincent Survey. Ashland has drilled two producers in North Milur—the No. 1 and No. 2 Blackburn - Trammell, making 66 and 71 barrels per day on potential test.

The Houston Petroleum Company No. 1 Garland A. Smith, scheduled about two weeks ago, at last report was still waiting on a Hancock Drilling Co. rig to move in. Hancock, with headquarters in San Antonio, has two rigs in the field.

Services Held For Mother, Father Of Cameron Couple

Mrs. Enid Wells, mother of City Councilman Bob Wells, died Monday following a long illness. Her death followed the sudden death of Mrs. Bob Wells' father, W. A. Boney, on Saturday.

Mr. Wells' mother, who was a resident of Weleetka, Oklahoma, died in an Ada, Oklahoma hospital. Funeral services were in Oklahoma.

Mr. Boney, 81, was a retired banker and land owner at Iola. He died in Bryan Saturday following a heart attack.

Funeral services were held at 2 p.m. Tuesday at the Iola Missionary Baptist Church. Burial was in Zion Cemetery.

He is survived by his wife and seven children.

Library Story Hour Sets Final Program

Thursday will mark the last Story Hour for the Cameron Public Library summer program this year. Story Hour, which has proved popular with Cameron children each summer, has been held each Thursday morning since mid-June.

The program this week will be for ages 4-6 and 7-10 from 10 to 11 a.m. and will include a story and related crafts.

Mrs. Ladis Marek, Jr. director of the summer program, said the Story Hour had an average weekly attendance of 40 children.

HOLLAS NAMED DAILY TEXAN MANAGING ED

James Hollas, 20, junior journalism student from Cameron, was appointed managing editor of The Daily Texan at the University of Texas by the Board of Directors of Texas Student Publications, Inc. The University newspaper is a 5-day daily with about 22,000 circulation.

Hollas has more than six years of newspaper work to his credit with The Cameron Herald, Corpus Christi Caller-Times and Austin American-Statesman.

Appointed to his administrative post for the fall semester, Hollas will be responsible for the continuity and selection of news items for The Texan and for supervising a staff of regular and volunteer reporters and editors.

Hollas, who was selected over three other candidates, transferred to the University this spring after two years at Del Mar College in Corpus Christi. He is presently editing sports news and reporting general assignments four nights a week for the Austin American-Statesman.

He is the son of Mr. and Mrs. Emil Hollas of Cameron.

Salem-ER System Draws $65,000 In FHA Loan, Grant

Cong. W. R. Poage (D-Tex) and Senator Ralph Yarborough (D-Tex) have announced preliminary approval for a loan of $46,000 and a grant of $19,000 to the Salem-Elm Ridge Water Supply Corp.

The new system, south and southwest of Cameron, will serve 40 families.

The application filed by the water corporation has been approved by Farmers Home Administration, Cong. Poage announced.

TEJAS SWIM MEET

Troop 52 Places Second

Competition among three local Boy Scout troops in the Tejas District Swim Meet held Monday evening at Rockdale Municipal Pool ended in a two-way 56-56 tie between Cameron's Troop 52 and Rockdale's Troop 89, according to John Brust, district publicity chairman.

Troop 89 was awarded first place in the competition on the basis of 7 first place finishes compared with 2 firsts by Troop 52. Rockdale's Troop 90, the third competitor scored 34 points in the meet.

Troop 52 led by Felix Matula also won 6 second places, 6 third places and 2 fourths to round out its scoring.

Rockdale's Troop 89 under the direction of Bill Summers in addition to first places scored 3 seconds and 3 third places.

Troop 90, whose Scoutmaster is Lloyd Laird gained 3 first place blue ribbons, 3 red ribbons for second place and 1 third place white ribbon. The troop also gained 2 fourth places.

The meet was organized for the fourth straight year by Rockdale's Dr. Travis Green, District Committee chairman for Health and Hygiene. Dr. Green was assisted by Bill Storey, District Scout Executive, Al Sloan, Lacey McGee and Cochran Green, all of Rockdale.

Troop 52 winners included:

Greg Sheguit, 1st place, non-swimmers breath holding; 2nd place, foot race.

Michael Posival, 1st place, foot race.

Fred Mayer, 2nd place, non-swimmers breath holding.

Mike Trdy, 2nd place, beginners free style.

Doug Storey, 2nd place, swimmers free style; 3rd place swimmers side stroke.

Leland Horstmann, 3rd place, back stroke.

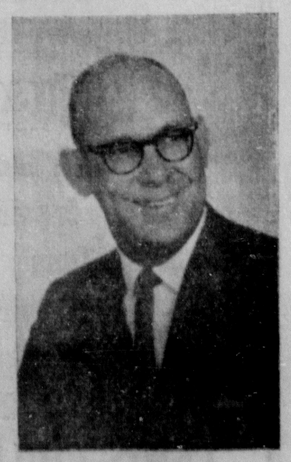

Joe Trdy, 2nd place, beginners breath holding; 3rd place, beginners underwater swim.

Dan Richardson, 3rd place, swimmers underwater swim.

Lane Horstmann, 3rd place, swimmers free style; 2nd place, swimmers breast stroke.

Mike Mortimer, 4th place, beginners free style; 4th place, beginners breath holding.

Third place in swimmers medley relay went to Leland Horstmann, Doug Storey, and Lane Horstmann.

Booster President . . .

. . . Rev. James Lafferty

Donors Give 71 Pints, Blood Goal

The tri-chairmen of the August Bloodmobile visit this week extended their appreciation to the blood donors who helped reach the 71-pint quota.

Eighty-two donors turned out, but the 71-pint quota was made with only 11 turn downs.

Extending their appreciation were Mrs. Jack Tumlinson, volunteer chairman; Mrs. Bob Ellett, recruiter chairman; and Sister Aloysius, Cameron area blood program chairman.

The all-out effort to replenish a dwindling blood supply for North Milam County was successful. The last Bloodmobile visit fell short of the goal.

Officials were anticipating the need for 96 donors last week, but the smaller turnout yielded the 71-pint goal. It was hoped that an additional eight pints could be gained to complete the shortage of the previous Red Cross Bloodmobile visit.

Donors gave blood last Friday at Methodist Fellowship Hall, designated the Red Cross Drawing Center for each Bloodmobile visit in Cameron.

The blood program leaders thanked each donor with a personal note. And thanks were expressed to Cameron ministers, donor recruiters, Boy Scouts and radio and press for their time and continued support.

• Jones Prairie

By Mrs. Bill Thweatt

Visitors with Susie and Burnett Atkinson last week were Mrs. Ethel Mann of Augusta, Ark. and Mrs. H. T. Hamilton and four children of Little Rock.

Mrs. Bill Tucker and Mrs. Lorance Storey visited Mrs. Walter Senkel Friday afternoon.

Mrs. J. D. Martin, Ted Martin, Mr. and Mrs. Willie Burnett went to Marble Falls Thursday to visit Mr. and Mrs. W. C. Brown. Mrs. Brown prepared a birthday dinner for their uncle and her brother, Edgar Burnett, whose birthday was Thursday, August 3. Ted and Mrs. Willie Burnett stayed over for a few days visit.

Rev. and Mrs. Ben Curtis and Mrs. Curtis' parents, Mr. and Mrs. Rogers and three daughters of Alabama were Sunday dinner guests of Mr. and Mrs. Harry White.

Mr. and Mrs. Roy Patzke entertained with a picnic and swimming party for Albert Patzke, whose birthday was Saturday. Those who enjoyed the outing were his grandparents, Mr. and Mrs. Emil Patzke, Mr. and Mrs. Roy Weems, Mike, Jimmy and Mark Patzke.

Visitors at church Sunday were Mr. and Mrs. Rogers and children from Alabama and Mrs. Willis Looney and Kay of Branchville.

Mrs. Bill Thweatt, Peggy and Rock visited Mr. and Mrs. Billy Thweatt at Rockdale Sunday.

Roy Burnett of Freeport and John White of Briary visited Mr. and Mrs. Harry White Sunday afternoon.

Mrs. Victor Hughen and Mrs. Bill Thweatt visited Mrs. John Thweatt Sunday afternoon.

Mr. and Mrs. Willie Phipps attended the McKinney reunion at the City Park Sunday.

The W.M.S. met at the church Tuesday afternoon with seven members present.

A group from Little River Baptist Church attended Workers Conference Monday night in Rockdale.

Mrs. Lorance Storey and Mr. and Mrs. Bill Tucker entertained the following group with a "42" party Friday night: Rev. and Mrs. Ben Pierce of Cameron, Mr. and Mrs. Niley Smith of Cameron, Mr. and Mrs. Victor Hughen, Susie and Burnett Atkinson, and Mrs. J. D. Martin.

Mr. and Mrs. Hetzel Burnett and grandchildren, David and Carl Burnett of Houston spent the weekend with his parents, Mr. and Mrs. Julian Burnett and sister, Mrs. J. D. Martin.

Mr. and Mrs. Carlton Burnett and family and Mr. Bradley Burnett of Beaumont visited their parents, Mr. and Mrs. Willie Burnett over the weekend.

Mrs. Bill Thweatt went to Rockdale Friday night to a wedding shower honoring Miss Lou White, who is to be married Sept. 2 to Tommie Thweatt.

Peggy and Rock Thweatt and Charlotte White went to the skating rink in Rockdale Friday night.

Mr. Will Stoebner visited Mr. and Mrs. Walter Senkel Friday afternoon.

Mr. and Mrs. Verne Pentecost visited in Houston last week.

Mr. and Mrs. Craig White of Hearne visited his parents, Mr. and Mrs. Harry White Saturday.

Mrs. Bill Thweatt took a group to Temple to the movies Thursday afternoon.

Mr. and Mrs. Fritz Stoebner of Ben Arnold were dinner guests of Mr. and Mrs. Walter Senkel Sunday.

Bettye Tribble and Mrs. Leath of Calvert visited Mrs. Bill Tucker and Mrs. Lorance Storey Tuesday.

Mr. and Mrs. Bill Tucker were in Houston Sunday.

Rev. and Mrs. Ben Curtis, Mr. and Mrs. Luther Todd were Sunday dinner guests of Mr. and Mrs. Hope Jamison.

Darby Lands Bass, Cash

Harold Darby, Cameron, won the largest-bass award in the July fishing contest at Alcoa Lake.

Darby landed a 6-pound, 4-ounce bass for top honors and a $100 cash prize in the annual month-long contest. Other winners were Jimmy Yoakum of Rockdale who caught the largest catfish (40 pounds); Mrs. Ada Pasemann of Hare, largest string of crappie (87); Otis Klagman, largest carp or buffalo (29-pound buffalo.)

GEORGE HOLLAS

Hollas Named Alcoa Foreman

Cameron's George Hollas has been promoted to mechanical shops foreman at Alcoa's Rockdale Works, according to H. F. Chrisco, Works Manager.

Hollas who resides at 611 East 8th Street in Cameron has been an Alcoan since 1953 when he was employed at the plant as a craft helper. In June 1953 he became a machinist in the machine shop, his job until promotion.

Hollas is a Yoe High School graduate and served from September 1947 to May 1958 in the National Guard. He was a Master Sergeant when he retired.

A member of the Knights of Columbus and a director of the Booster Club, Hollas has also been active in Little League management in the Cameron area.

He and his wife, Eleanor, have three children: Patricia, Judith, and George Jr.

• Maysfield

By Mrs. J. P. Wise

Mr. Roy Newton and his son Bob of Austin left Saturday afternoon for New Albany, Miss., due to the death of Mr. Newton's brother, Wharey Newton. He was reared in Maysfield and was the son of the late Rev. and Mrs. J. K. P. Newton.

Mr. and Mrs. Tommy Thweatt and sons of Virginia Beach, Va. arrived Thursday due to the death of his father, Mr. Gilford Thweatt. Among others outside of the community here for the funeral were Mr. and Mrs. Alfred Massengale, Mrs. Ellie Hastings of Freeport, Mrs. Howell Armstead and Mrs. James Smith of Dallas, Mr. and Mrs. Clyde Childers and Mr. and Mrs. Tommy Gleason and Mrs. A. D. Brown of Houston.

Also Mr. and Mrs. Billy Thweatt and daughter of Rockdale, Mr. and Mrs. Herbert Thweatt, Bob Newton, Mrs. Paul Kieke, Mrs. Dorthy McKelvey all of Austin, Ralph White of Dallas, Ernest Floyd of Temple, Mr. and Mrs. Elliot Atkinson of Shreveport, and Mrs. Jodie Vrana of Waco.

Lloyd Cooper of Bastrop visited his grandmother, Mrs. W. C. Cooper last week.

Tom Massengale, son of the late Robert Massengale and wife and Jim Parrot of Chapel Hill, North Carolina visited his grandmother, Mrs. Ethel Massengale in Cameron and his uncle, Leroy Massengale and wife during the weekend.

Mrs. Ed Weeren and daughter of Abilene, Mrs. Charles Tabor of Austin and Mrs. Dean Baird and children of Freeport visited in the home of their parents, Mr. and Mrs. Eldred Massengale and visited their father in St. Edward Hospital last weekend.

Mrs. Lorene Trott of Barstow is visiting her sister, Mrs. J. P. Wise and Mr. Wise.

4TH ARMY IG — Lt. Col. Roland M. Dixon, with Fourth Army Inspector General, Fort Sam Houston, shakes hands with Mayor Bassel Wilson during an inspection tour of Milam Co. C, 3rd Battalion. Col. Dixon and his party inspected equipment and inventory of the Milam Guard Unit Monday at Cameron Armory. From left, are: Capt. Joe Willingham, Co. C commander; Mayor Wilson Col. Dixon, M/Sgt. Jerry Adlesich, of Fourth Army IG; and 1st/-Sgt. Joe Vybiral, first sergeant of Co. C. Accompanying the Colonel were Lt. Col. Delmer Nichols, battalion commander, of Taylor; Capt. Joe R. Champ, battalion staff assistant; and M/Sgt. William H. Huff, Army advisor, Temple.

1,500 Pound Marlin

Record Catch Hooked By Cox

HONOLULU

Houston lawyer Joyce Cox hooked a Pacific blue marlin that is recorded as the largest fish ever caught in Hawaiian waters -- some 1,500 pounds.

The huge fish, hooked about eight miles off the Oahu coast, battled nearly four hours before the Texan was able to bring in his giant catch.

Unfortunately, on the return trip to Kewalo Basin, the head of the big marlin broke off and part of the fish's body was lost. The head weighed 149 pounds.

When the marlin was weighed in at the basin, the scales showed 1,290 pounds. However, officials estimated that the full weight would have hit 1,500 pounds.

Cox hooked the marlin on a 130-pound test line, but the harness broke after 30 minutes of battle.

In the party and aiding Cox were his wife and daughter, Katy, a cousin, Miss Mildred Thornton of Cameron, and William E. Pool of Austin, executive director of the Texas State Bar. The Texans, fishing guests of Hawaii State Senator Wadsworth Yee, are here vacationing and attending the convention of the American Bar Association.

NYC Program Ends In Rogers August 19

The Neighborhood Youth Corps program in Rogers High School for the summer will be closed August 19, according to the project director in Georgetown, R. S. Elliott.

Seven boys and girls worked in the project, including Maria Gloria, Julia Alexander, Linda Skrabanek, Jo Ann Sulak, Henry Cabla, Robert L. Woods, and Larry Griffin.

Rogers High has been approved for four students in the NYC program for the ensuing school year. The students help with Head Start, and do office and campus improvement work.

Survey Shows Installment Credit Use Increasing

COLLEGE STATION

Who uses installment credit? A popular reply is, "Who doesn't!" But Wanda Meyer, Extension home management specialist with Texas A&M University, reports figures indicating that some people are using it more than others.

Installment credit increased $8 billion in 1965, according to the Survey Research Center at the University of Michigan. Mrs. Meyer explains that the major reason for this increase is a change in behavior on the part of people who can best afford to pay their debts.

Early in 1965, only 32 percent of families with $15,000 or more annual income owed installment debt, and only 11 percent owed in excess of $2,000. Early this year, 47 percent of this income group owed installment debt and 19 percent owed in excess of $2,000. Of those receiving $3,000 income or less, proportion owing installment debt dropped from 28 percent in early 1965 to 23 percent in early 1966.

Use of installment credit is most frequent among young families and is infrequent among older units. A significant finding in 1966 was that only 58 percent of the families whose head was 18 to 24 years old owed installment debt, in contrast to 69 percent of those families in 1965. This drop in credit usage can be attributed mainly to the increase in the proportion of this group who were under 21 in 1966 and, therefore, not generally eligible for credit.

Among other findings of the Michigan survey of consumer finances was that the median amount of consumer installment debt rose from $780 in early 1965 to $850 in early 1966. They also learned that the ratio of aggregate debt repayments to disposable personal income moved up only slightly from 1964 to 1965.

Swim Class At City Pool Starts Monday

Paul Edmonds will teach swimming at the Cameron swimming pool beginning Monday. The two week lessons will be the last of the season, according to Edmonds.

Anyone interested in enrolling or for further information can call OX 7-3322.

The Lonely Heart

Wheat, Feed Grains Reserve Proposed In New House Bill

WASHINGTON, D. C.

Congressman Graham Purcell (D-Tex) announced this week that he has introduced a bill to provide for a national strategic reserve of wheat, feed grains and soybeans.

Purcell is chairman of the Livestock and Grains subcommittee of the House Agriculture Committee which will consider the legislation.

The bill provides that the government would acquire and maintain reserves of the commodities amounting to 20 percent of the anticipated domestic and export consumption of wheat, 15 percent in the case of feed grains and 6 percent in the case of soybeans.

These stocks would be purchased at prevailing market prices, but not more than the higher of (1) 115 percent of the price support loan rate for the commodity or (2) the minimum price at which Commodity Credit Corporation may make sales of the commodity for unrestricted use under present law.

Whenever it is determined that the national carryover would fall below specified levels, the stocks would be insulated from the market. These levels are 15 percent of the estimated domestic and export consumption of wheat, 10 percent in the case of feed grains and 5 percent in the case of soyeans.

BIRTHS

To Mr. and Mrs. Booker T. Washington of Chriesman, a boy, Barry Lydell, 7 pounds 2 ounces, born 11:10 p.m. July 20 at Newton Memorial Hospital.

Mixed Doubles Bowling Tourney

Cameron Bowling Association members will sponsor a mixed doubles tournament at Cameron Bowling Lanes August 12-13 and August 19-20.

The tournament will be the first mixed doubles tournament in Cameron and Mrs. Laverne Slavik said early registrations indicated that it would be a good tourney.

Mrs. Slavik said entry forms were available at the Cameron Lanes and according to tournament rules she would accept them until 6:15 p.m. August 20.

RHS Cheerleaders At SamHouston State

ROGERS

Cheerleaders of the RHS Pep Squad are attending cheerleaders school this week at Sam Houston State College, Huntsville.

The girls are Carolyn Williams, Linda Skrabanek, Mahonna Pinkston, and Karen Schneider. Their sponsor is Miss Brenda Hatcher.

Twirlers were taught here on the campus the week after shcool was out last spring. Twirling for the RHS band will be Gayle Kovar, drum majorette; Corene Green, head twirler; and Marie Elsik, Brenda Innmon, and Faith Springer.

Other groups having special training or workshops during the summer included Student Council officers who spent the past week at Trinity University in San Antonio, and the FFA officers who attended a workshop in Dallas in July.

San Gabriel . . .

Worley Moved To Navy Hospital In San Diego

By Mrs. H. H. Linke

Pfc. Tim Worley, who was seriously wounded in Vietnam on July 26 and had been in the hospital in Da Nang for the past ten days, arrived at the Navy hospital in San Diego, California Friday. His parents, Mr. and Mrs. L. L. Worley, and his brother and sister-in-law, Mr. and Mrs. Kit Worley, left by plane Saturday to be with him.

Olen Miles of Highland Lakes Baptist Encampment, brought the morning and evening messages Sunday in the San Gabriel Baptist Church as the pastor, Rev. Melvin Zornes and family are on vacation.

Diane Keleman of Taylor spent the weekend with Karen McDaniel.

Billy Beason was on a fishing trip to the Coast over the weekend.

Mrs. Joe Yeager is a patient in the Taylor hospital.

Mr. and Mrs. H. D. Kay of Troy spent Thursday with her mother, Mrs. F. W. Worley.

Mr. H. C. Beason, father of Dan Beason, has concluded a three months visit with the Larry Heine family and has returned to his home at Carthage. Mr. and Mrs. Dan Beason took him home and also visited her parents, Mr. and Mrs. J. W. Wylie in Woodville over the weekend.

Sunday guests of Mr. and Mrs. Fred Wilson were Mr. and Mrs. James Dodd, Julie Ann and James of Austin.

Guests of Mrs. H. N. Fulcher Sunday were Mrs. J. B. Fulcher and Mrs. Peggy Guouard and children of Houston and Mrs. H. N. Jackson of Round Rock. They all attended the Jackson reunion in Thorndale.

Mr. and Mrs. Clyde Blackmon, Lea and Dale of Houston were guests of Mrs. Bill Clark during the weekend. The Blackmon's other children, Lori and Donna, who had spent the past week here with their grandmother, went home with their parents.

Here for a three weeks visit with her parents, Mr. and Mrs. W. W. Terry is Mrs. Lou Mostardi and children, Steve and Debbie of Newton, Penn. Also Mr. and Mrs. Phillip Terry and children of Houston are spending two weeks here with his parents, and visiting Mr. and Mrs. Terry over the weekend were Mrs. Pat Fletcher and Mrs. Warna Pearce of Dallas.

Mrs. Jess Wilson's granddaughter, Darnell Whitstone and her husband, Rev. Raymond Whitstone of Arkansas, stopped by for breakfast and a short visit with Mrs. Wilson Monday morning.

In The Service . . .

SAN ANTONIO

U.S. Air Force Staff Sergeant Leonard L. Flentge, son of Herbert F. Flentge Sr. of Rosebud, has been decorated with the Bronze Star Medal at Randolph AFB, Tex. for meritorious service while engaged in military operations against Viet Cong forces.

Sergeant Flentge was cited for his performance as an administrative supervisor at Tan Son Nhut AB, Vietnam.

He is now at Randolph with the Air Training Command.

The sergeant attended Temple High School and completed requirements for his diploma after entering the Air Force. He is presently attending San Antonio College during his off-duty hours.

Keep Cool With Congress . . .

"Congress is cool" to President Johnson's surtax proposal of 10 percent.

It is not a tax on income. It is a tax on the tax of income.

The Vietnam War, inflation and vast programs at home, the President maintains, can be simultaneously controlled.

That is a lot of maintenance. Such logic is the same as saying we can fight guerilla war in city streets, a jungle war with a half million troops in Vietnam, we can rebuild both at the same time, we can hold inflation and go broke at the same time.

It is about time priority, rather than consensus be given the major problems of the United States 1967. It is about time that politics, like the charges made by the Republican National Policy Committee and the President's rebuttle, be eliminated in U. S. internal and external peril. And we have both.

The American people are being booted around by militant mini-minorities, politicians, pressure groups and career bureaucrats, all of which do not represent a majority of our 200,000,000's. John Q. Public, however vague his definition, is being asked to pay the payee, who is barely paying the interest on the debt of his largess.

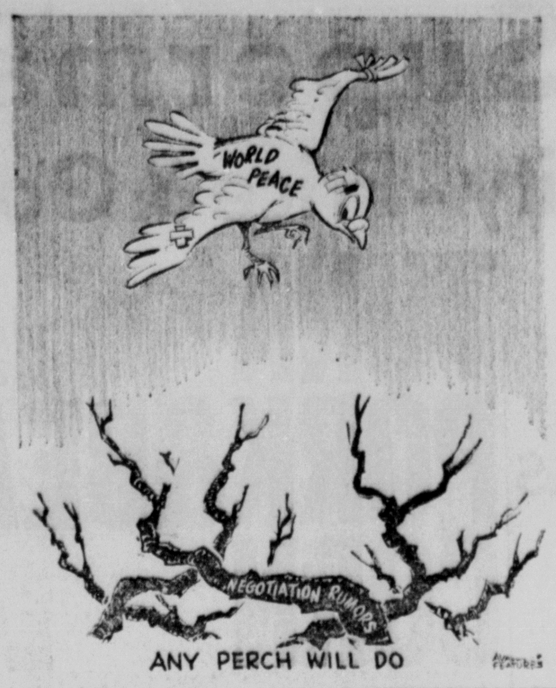

Can we not choose alternatives and put them in order? Can't the political parties of this country think policy before politics? The 1968 Conventions afford plenty of time for that.

There are always large decisions. But seldom, if ever, have Americans been asked to pay for so many by so many for so many uncertainties.

Civil chaos or Vietnam or government programs: Which is to be met first? The President's surtax proposal, to hedge inflation and curb enormous federal deficit, is a good reason to decide.

We would think the taxpayer's pocketbook is out of elastic. We would hope that Congress remains cool, and in keeping its "cool," forces priorities before history eliminates alternatives.

We sense a voter rebellion is in the making, one which may force the 1968 presidential election into impasse and a final, ironic decision, where no compromise is possible, upon the Congress of the United States.

What Others Say . . .

Grocers, Bankers Cite Newspaper Ads . . .

BANKERS

"No business man in any community should allow a newspaper published in his community to go without his name and business being mentioned somewhere in its column. This does not mean he should have a whole, half or even a quarter page ad in each issue, but your business — and name should be mentioned, if you do not use more than a two-line space.

"A stranger picking up a newspaper should be able to tell what business is represented in a community by looking at the paper. This is the best possible community advertising. The man who does not advertise his business does an injustice to himself and the community. The man who insists on sharing the business that comes to the community, but refuses to advertise, is not a valuable addition to any community. The life of a community depends on the live, wide-awake and liberal advertising businessman."

—American Bankers Magazine

GROCERS

Orville W. Johnson, vice president of Independent Grocers Alliance, told a recent seminar of grocers in New York why advertising dollars are invested wisely in newspapers. He said:

1. Newspaper ads are inexpensive compared to other media.
2. Newpaper ads move merchandise faster and more continuously.
3. Almost everyone reads a newspaper.
4. Readers associate late prices with late news.
5. Late deadlines often give buyers an opportunity for better prices
6. Newspapers give complete coverage.
7. Color newspaper ads offer the advantage of magazines, but with far greater coverage of the local market.
8. Newspaper reading is a habit.
9. Newspapers offer customers a printed, ready reference guide to economic shopping.
10. Newspapers do not require expensive plates or material."

House Bill Would Strengthen Meat Inspection Authority

The Livestock and Grains Subcommittee of the House Committee on Agriculture today approved H. R. 6168, as amended with a clean bill to be introduced. The bill is intended to strengthen the nation's meat inspection services by broadening existing inspection authority and establishing a new program of Federal-State cooperation in inspection programs.

Object of the legislation, as stated by the Dept. of Agriculture, is to "eliminate numerous opportunities now present to defraud consumers and endanger public health."

Subcommittee Chairman Graham Purcell (D-Tex) said:

"The Meat Inspection Act was passed by the Congress in 1907. There have been many changes in the livestock and meat processing and distributing industries since that time, producing conditions under which unscrupulous operators at times, through actions not now prohibited, could introduce unfit meat into human food channels.

"This new legislation is needed for adequate protection of consumers, the legitimate operators in the affected industries and others associated with the meat business."

About 15 percent of the commercially slaughtered animals is not prepared for distribution in interstate or foreign commerce and, therefore, under present law is subject to State and not to Federal inspection at the time of slaughter. Approximately 25 percent of commercially processed meat food products is prepared without Federal inspection and to a significant degree is not subject to adequate State or local inspection.

The bill clarifies the authority of the Department of Agriculture for regulating the marketing, labeling and packaging of carcasses, meats and meat food products, capable of use as human food. It would clarify prohibitions against counterfeiting, forgery and other unauthorized use of official certificates, labels and marking devices by brand manufacturers, printers, or others.

New authorities are established with respect to certain operators related to the meat processing industry whose activities have a significant part in the marketing of animal carcasses, meat, and meat food products. This group includes renderers, animal food manufacturers, meat brokers, wholesalers, transporters, and cold storage warehousemen and importers.

The bill would authorize registration requirements and impose record-keeping requirements with respect to those operators and would further require them to give access to representatives of the Secretary to their places of business for the purpose of examining records, inventories, and facilities and for taking samples upon payment therefor.

These new authorities would be conferred on the Secretary also with respect to persons, firms and corporations that conduct the kinds of business specified in the bill but not in or for commerce, whenever the Secretary determines that a State or other jurisdiction concerned does not have or is not adequately exercising comparable authority under its laws.

The bill would provide authority for the Secretary to cooperate with the appropriate agency in any State or Territory or the District of Columbia in developing and administering laws of such jurisdiction with respect to meat inspection and other matters covered by the legislation. Cooperation with the States would include furnishing advisory program planning assistance, and technical and laboratory assistance, as well as financial aid up to 50 percent of the estimated total cost of the State program. Also funds would be made available for training State inspection employees.

The Secretary would be authorized to appoint advisory committees consisting of State agency representatives for the purpose of consultation on such matters as State program evaluation, and establishing better coordination and more uniformity among State programs and between Federal and State systems.

Auxiliary provisions of the bill would provide detention, seizure and injunction authority to prevent distribution of products unfit for human food.

The Subcommittee also adopted an amendment to apply to foreign nations the same standards that now apply to meat and meat products produced and processed in the United States.

Sergeant Completes 20 Year Career

FT. SAM Houston, tex. Staff Sergeant Robert L. McIntyre, instructor with the Nursing Science Branch, U. S. Army Medical Center at Ft. Sam Houston, will retire from the Army with 20 years active service at the end of this month and return to Cameron.

He entered the Army in October 1942 and served in World War II participating in the Solomon Islands and the Liberation of the Philippines campaigns. He has also served tours of duty in Europe and Vietnam. Among the medals he holds are the Good Conduct Medal with five clusters, National Defense Service Medal, Philippine Liberation Ribbon with two campaign stars and the Vietnam Service Medal.

Dateline Austin . . .

State Files Suit Against 5 Firms

By Vern Sanford
AUSTIN

State of Texas has filed a price-fixing suit against five big drug firms.

Suit, entered in federal court at Dallas by Attv. Gen. Crawford C. Martin, seeks triple damages totaling about $12 million from the producers of aureomycin, terramycin and tetracycline products. Drugs involved are used to treat both human and animal diseases and as animal feed supplements.

According to Martin the federal government already has an anti-trust suit pending against the same firms: Charles Pfizer and Co., Inc., American Cyanamid Co., Bristol-Meyers Co., Olin Mathieson Chemical Corp., and the Upiohn Co.

Martin alleges that the drug manufacturers charged state and local governments "unreasonably high" prices for the antibiotics through a conspiracy to limit their manufacture and sale.

Furthermore, the attorney general contends, the firms' actions inflated prices to retail druggists, wholesalers, private hospitals and the consumer.

Martin estimated more than $3 million has been spent by state and local governments alone between November, 1953, and November, 1966, to buy antibiotics for use in public supported hospitals, schools and other institutions and health or welfare programs.

Other states are contemplating similar suits, Martin said, and state attorneys general will discuss the case at their conference in Portland, Ore. on August 29.

HEALTH GRANTS SOUGHT

Seventy-eight health facilities have applied for federal Hill-Burton construction grants of more than $34,500,000, about twice as much as is expected to be available for Texas.

New 1968 Texas State Plan for Construction and Modernization of Hospitals and Related Medical Facilities now is available for review at the State Department of Health.

Hiss-Burton Act provides funds to help finance construction and modernization of general hospitals and long term facilities, diagnostic or treatment centers, rehabilitation facilities, tuberculosis hospitals and public health centers.

Dr. J. F. Peavy, State Commissioner of Health, said the 1968 plan indicates ever-increasing use of health facilities.

GREER TO RETIRE

One day after receiving a 40-year service award from the Texas Highway Commission, State Highway Engineer Dewitt C. Greer announced his retirement.

Greer reached the mandatory retirement age of 65 on July 27, but he agreed, at the behest of the Commission, to stay in the job until the end of the year.

Lt. Gov. Preston Smith, acting as governor while Connally hunts in Africa, called on Greer at his office to present him with a framed copy of a proclamation making August 4 "Dewitt C. Greer Day" in Texas.

A celebration commemorating the Highway Department's 50 years is slated for September 26. A highlight of the celebration will be presentation to Greer of funds donated to endow in his honor a lectureship at the Texas A&M Civil Engineering Department.

Greer, a graduate of A&M, went to work for the Highway Department in 1927 and became its top administrator in 1940. During his tenure as chief engineer, Greer has supervised the investment of more than $4 billion in a highway system grown from 20,359 miles to more than 68,000 during the past 27 years.

A former president of the American Association of State Highway Officials, Greer now serves on the organization's executive and legislative committees and has received its two highest honors for contributions to highway progress. In 1965, Texas Christian University made him an honorary Doctor of Laws. Texas A&M gave him its Distinguished Alumni Award in 1966.

SUCCESSOR NAMED

Succeeding Greer on January 1 will be Asst. State Highway Engineer J. C. Dingwall who has been with the Department since 1928 except for the World War II years when he served in the U.S. Army Corps of Engineers and four years he spent as Engineer-Manager of the Texas Turnpike Authority, supervising the financing, design and construction of the $58 million Dallas-Fort Worth Turnpike.

Dingwall served as the Department's supervising urban engineer in Houston, overseeing construction of the Gulf Freeway — the first major freeway built in Texas. He has been assistant state highway engineer since 1958.

In other Highway Department activity, Hal Woodward of Coleman was sworn in as chairman of the Highway Commission, and Herbert C. Petry Jr. of Carrizo Springs took the oath to begin an unprecedented third six-year term on the Commission.

Woodward, who succeeds Petry as chairman, was first named to the Commission in 1955.

AGENCIES

A deed has been signed by the School Land Board giving the United States the minerals under 47,895 acres in Guadalupe Mountains National Park.

Two days of hearings, October 17-18, have been scheduled by the Texas Water Rights Commission on proposed cancellations of unused water rights for diversion of water from the Rio Grande, indicating that the Commission will apply the newly passed Water Rights Adjudication Act to Rio Grande rights first.

Water Rights Commission has found that directors of Brazoria County Water Control and Improvement District No. 8 have failed to comply with the law by appointing directors to fill vacancies for which there is no unexpired tirm of office; bv not holding annual elections for directors; by assessing taxes which are not equal and uniform; by not appointing a board of equalization; by collecting too much from the District for services and expenses; and by not calling a special election to fill vacancies.

Board of Insurance put the new driver penalty point system into effect on August 1. By levying $6,439,362 in penalties on drivers who had wrecks or serious traffic offenses during the year just ended, the Board was able to cut average rates by one per cent.

Texas Employment Commission reports that a total of $3,200,000 in unemployment insurance benefits was paid to eligible claimants in Texas during the April-June quarter.

Double Deduction When Youth Works

COLLEGE STATION

Summer jobs for son or daughter hold double deductions when income tax time rolls around.

Be sure you cash in on the extra break, says Mrs. Doris Myers, Extension specialist in home management at Texas A&M University. For example, parents may still take the $600 dependency deduction, no matter how much their youngster earns, provided the following conditions exist.

The young worker is a full-time student during at least five months of the year, or he is 18 years old or less.

The parents continue to furnish more than half the cost of his support.

Herald Reporter Is Born

The Saga Of Weary Willie

By Jesse Wilkerson

In the early part of this century, the tramp printer had become an accepted instituiton. They were a strange nomadic breed, these Knights of the Road. Their appearance at an overworked news plant was always welcomed. Ordinarily, the most they would work on a job was two or three days. Then they were off again, gone like the restless wind.

The most widely known of these characters was Weary Willie Waterhouse, from Walla Walla, Washington. Such was his fame that when he departed on his last journey, the Associated Press carried a lengthy story of his passing.

My acquaintance with Weary Willie came while I was working as an apprentice on The Cameron Herald. In the language of the trade, I carried the unholy title of "printer's devil."

It was quite a task to get the eight-page edition out by Thursday of each week. We were usually short-handed, and to add to our woes, the old flat-bottomed press had an exasperating habit of breaking down at the most inopportune time.

I remember it was on a Wednesday morning and we were in our usual state of confusion. The copy hook was full of items that had to be set up before the paper could go to press. The door opened and into the office walked a little man. "How about a day's work?" he asked with an engaging smile.

"Weary Willie Waterhouse!" the boss exclaimed. "Am I happy to see you. Surely heaven must have sent you."

I looked at the man with his unshaven face, soiled and baggy clothes and wondered what kind of heaven he was from. Actually, Willie was from everywhere. He had arrived in town by side-door pullman.

With the help of Weary Willie the paper came out on time. The boss said Willie was the fastest man on straight matter in the whole United States.

Willie seldom stayed more than a day in one place, but the boss persuaded him to remain for a week. He and I became good friends and after work hours he would thrill me with tales of his travels, which had carried him into every state in the Union.

In a way, I credit Willie with the starting and ending of my career as a newspaper reporter. I told him of my ambition to write. He suggested that I start with personal items, set the type myself and no one would be the wiser.

One week after Willie had departed on his wandering way, I was very proud of my little item which appeared on the front page. It had to do with a man whom I shall call Joe Doaks. One of our readers called the boss on the phone and kidded him about the article. I kept a straight face in denying any knowledge of the personal, but expected all the time to be fired.

It read, "Mr. Joe Doaks, a respected citizen of the Sandy Creek Community was a welcome visitor to our fair city last Saturday."

Joe Doaks had a weakness for strong drink. He was anything but a welcome visitor to the sheriff or the town marshall. Never a Saturday came but they had to load the inebriated gent on his horse. Joe gave them quite a time of it as he persisted in falling off. Finally, he'd slump in the saddle like a sack of potatoes and his horse would head for home.

So ends the story of Weary Willie Waterhouse and the printer's devil, also one Joe Doaks, the abominable gentleman who supplied the idea for my first writing to appear in print.

OLD PHILOSOPHER

Dear editar:

I was looking over a three-weeks-old newspaper I found in some weeds out here on this Johnson grass farm yesterday -- you know, there's a lot to be said for a paper that old, what was headlined as a major crisis then by now has turned into something you can hardly remember, and you can relax and read worry-free.

At any rate, over on an inside page I read about a murder trial where it already had taken five weeks to pick a jury and they were still three short. I presume they finally made it, but that's beside the point. I thought of something else.

I talked with a neighbor who got called to jury duty some time past and he said as he understood it, the job of lawyers on both sides was to find 12 people who didn't know anything about the case.

With newspapers, radio and television going 24 hours a day, not to mention women, this is getting harder and harder to do.

Therefore, I have a suggestion for the courts. Why not specialize? If you're going to send some men on a space flight, you don't go out on the street and pick up a few, do you? Of course not. You pick them carefully ahead of time and then keep them in training.

The same would work with juries. What the courts ought to do is pick 12 fair-minded, reputable men interested in a jury career and sign them up for say a four-year term. Lock them up in comfortable quarters, pay them a first-rate salary, feed and exercise them carefully, but don't let them find out anything. After all you never know whit citizen, however prominent may be involved next. No newspapers, no radio, and no newscasts on television, just Gunsmoke and sports and soap operas if they can take them.

With 12 men with fresh minds and completely out of touch with everything, every case could go to trial immediately, or as soon as the lawyers on both sides got through with their customary delays. Just get set, get the judge in place, call for quiet, then open the door and let the 12 in and start the testimony.

In the long run I believe this would be cheaper than bringing in 75 to 150 people every time a trial comes up and spending a week getting down to the 12 who know the least.

I doubt if this would work, but if you've ever spent any time on a jury panel waiting around in a court room, you got to admit it's worth thinking about.

Yours faithfully,
J.A.

PigskinDoubleheader On KYLE Saturday

Ardent football fans of the Central Texas area have a rare treat in store for them Saturday night (August 12) as Station KYLE-FM, 104.9 megacycles in Temple, will air a unique pigskin doubleheader.

First game to hit the airwaves will be the prestige-laden "Big 33" high school classic featuring the very best in Texas high school talent against the tops in Pennsylvania prep ranks. This will be the fourth meeting between the Texans and Coal Crackers with Texas leading the series 2 to 1. Air time is 7 p.m. at Hershey, Penn.

Following this high school classic, KYLE-FM will carry the Dallas-Los Angeles pre-season opener from Los Angeles Coliseum. With prospects burning brightly Dallas Cowboys fans will be anxious to hear this game. Air time Saturday is 9:45 p.m.

THE FAMILY LAWYER

Constitution Vs. Caligula

Historians tell us that Caligula, the evil Roman emperor, used a sly trick to enforce his despotic rule. He posted his laws on pillars, so high up that the people could never be sure what they were.

But if the lawmakers of today should try to copy Caligula, they would run head-on into the 'due process" clause of the Constitution. Under this clause, no person may be punished under a law that he cannot reasonably understand.

Take the case of a motorist who was cited for speeding. According to the local traffic ordinance, the speed limit applied to all "built up" areas of the community.

But a court threw out the charge, on the ground that the ordinance was too vague to be understood. The court said a neighborhood that seemed "built up" to a visiting farmer might seem quite different to his city cousin.

The mischief in a vague law lies not only in leaving the people unsure of their responsibilities but also in allowing too much leeway in its enforcement. Thus, a law on the improper influencing of juries was held unconstitutional because there was too much scope in the word "influence." The court said:

"A newspaper article, a bribe, a gesture, a smile, a lifting of the eyebrows—all can be caught in its broad net."

True, it may not always be practical to make the rules so plain that there is no room for doubt. Perfect clarity is not required. For example:

An accused hit-run driver claimed that the statute under which he was arrested was too vague to be constitutional.

"It requires the giving of 'reasonable' assistance to an injured person," he said. But what does 'reasonable' mean? Opinions may differ a great deal on that point."

However, the court upheld the statute and found the defendant guilty as charged. The court said the legislature could not be expected to spell out a specific treatment for every possible injury.

In other words, the Constitution allows vagueness that cannot reasonably be avoided—but forbids vagueness that leaves the public unfairly in the dark.

"The posting of criminal laws high on a semantic wall beyond the vision of the people," said one court, "cannot be given judicial sanction."

New Band Director Named For Rogers

Winfred Bruton of Route 5, Temple, was elected band teacher of Rogers High School by the Board of Trustees Thursday night in the regular monthly meeting.

Bruton is a music education graduate of Southwestern University at Georgetown. He is also a graduate of Belton High School and Temple Junior College. He is married and has one child.

Bruton will be at Rogers High right away to start plans for summer band rehearsals, and get the year's program under way. He also plays in the Temple Civic Orchestra.

He succeeds Charles Conner who was band director in Rogers for the past five years. Conner will become one of the band directors in the Lamar CISD at Rosenberg.

The nuclear powered aircraft carrier Enterprise, from keel to masthead, is as tall as a 23 story building.

Cochran Family Holds Reunion Over Weekend

By Mrs. Gerald Foshea

The annual Cochran reunion was held August 5 and 6 at the American Legion building in Cameron. Relatives from Artesia, New Mexico, Fort Worth, Houston, Longview, Rosebud, Temple, Round Rock, Rockdale, Grand Prairie, Copperas Cove, Marlow, Burlington, and Cameron attended. There were 66 present.

Mr. and Mrs. Marvin Trojan of Temple, Mr. and Mrs. H. G. Taylor of Little River, and Mr. and Mrs. Delbert Ivey and Tommy of San Antonio visited Mrs. Joe Ralston, daughter of Mr. and Mrs. Gerald Foshea, at Halberts Hospital in Rosebud this weekend.

Mrs. Hattie Benesh entertained the "42" club Tuesday. Refreshments were served.

Mrs. Leo Helpert was honored with a pink and blue shower given by her sisters-in-law at Burlington schoolhouse Sunday.

Waylon Dorner and Dave McBride of Ft. Hood visited in the home of Mr. and Mrs. Herman Dorner Jr. and family this weekend.

Mrs. Charles Garner of Austin visited in the home of her parents, Mr. and Mrs. C. J. Litzman Monday. Her son Chuck returned home with her after spending a week with his grandparents.

Sharon, Karen, Ronnie, and Donnie Mihatsch of Temple visited their grandfather, F. C. Ranly a few days this week.

Mrs. Edward Murff and children of Waco and Mr. and Mrs. Monroe Lange and Randy of Temple spent a few days in the home of Mr. and Mrs. Wesley Davenport.

The first lighthouse established in America is still in operation on Little Brewster Island in Boston Harbor.

Tracy Methodist Plans Revival For August 11-13

By Mrs. Willie Schwarz

The Tracy Methodist Church will have a weekend revival beginning at 8:30 p.m. Friday, August 11 through Sunday night, August 13. Rev. Gene Easterly will be the preacher. The public is invited.

Mr. and Mrs. W. W. Harmon of San Antonio accompanied by Mr. and Mrs. Ray Green are vacationing in Santa Fe, New Mexico.

Mrs. Lillian Garner and Mrs. Bill Clark of San Gabriel were Sunday afternoon guests of the Roger Gillelands.

Jim, Kelly, and Niel Clark of Houston are visiting relatives here this week.

Mrs. Theda Albrecht and Rita, Mrs. Dick Dittmar and Billy of Rockdale, and Mrs. Willie Schwarz attended the Art Fair in Salado Saturday.

Guests of Mr. and Mrs. Ed Fowler last Tuesday were: Mrs. Will Fowler, Mrs. Gene Hare and Mrs. Clara Dillinger of Gatesville.

Mrs. Rufus Graves and sons, Randy and Stanle are visiting relatives in Memphis, Tenn.

Mr. and Mrs. Howard Coffman spent Saturday night in Taylor with the Jimmy Coffmans.

Miss Agnes Rinn and mother were Sunday afternoon guests of Mr. and Mrs. Otto Luetge of the Bethlehem Community.

Mrs. Walter Yoakum of Milano is visiting in the home of her daughter, Mrs. Faye Hargrove and family.

Mr. and Mrs. Leonard Lemons and grandson, Clyde Duncan of Galveston are visiting with Mr. and Mrs. George Young and other relatives near Rockdale.

Texas is 620 miles wide.

Copra is the chief product of American Samoa.

Buckholts Schools Open September 1

Supt. Leon Brady has announced the opening schedule and holiday calendar for Buckholts schools. Classes will begin September 1 at 8:30 a.m. with dismissal at 3:30 p.m. Buses and the lunchroom will be in operation.

New students must register Friday, August 25. Six-year-olds who were registered in May need not come that day.

Registration for all high school students will be on Wednesday, August 30 from 9-12 a.m.

Brady also stated that all faculty appointments have been filled, and that football practice will start the afternoon of August 14.

Holidays are as follows: Thanksgiving, Nov. 23-24; Christmas, Dec. 19-Jan. 2; District TSTA, Mar. 8; Easter, Apr. 12-15. School will dismiss Friday, May 24, 1968.

The first Commandant of the Marine Corps was Major Samuel Nicholas. He served from 1775 to 1781.

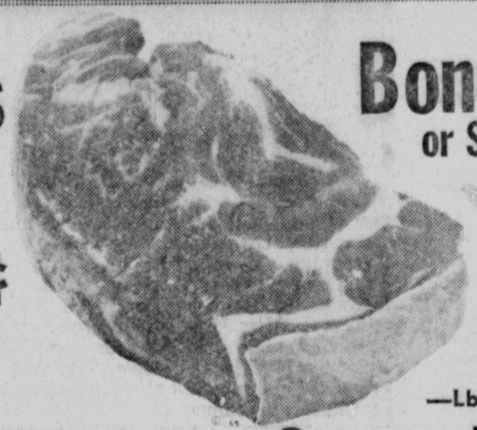

California is 770 miles long.

In 1933 unemployment in the U. S. was 15 million.

Mr. and Mrs. Koye Arnold of Gause announce the engagement and approaching marriage of their daughter, Edith Cass, to Roy Gene Miller, son of Mr. and Mrs. Ray Miller of Milano. The bride is a graduate of Hearne High School and Mr. Miller is a 1963 graduate of Milano High School. Friends of the couple are invited to the wedding at 7:30 p.m. September 15 in the Gause Baptist Church.

PERSONALS–

Mrs. Perry Wilkerson and Mrs. John Howard return this week following a vacation trip to California.

The D. R. Dodsons have been in Dallas where Mr. Dodson's father underwent surgery Monday.

Mrs. Monroe Fuchs was elected president of the Texas Poultry Association Auxiliary at the association's annual convention in Austin last week.

Rev. and Mrs. Ernest Davis and children have been guests of Mrs. Emory B. Camp. Rev. Davis is a former pastor of the First Methodist Church, Cameron.

District Judge and Mrs. W. C. Wallace and sons, Craig and Eugene, returned Tuesday evening from a week-long vacation in Mexico.

The John Schigur family vacationed in Galveston this week.

Mr. and Mrs. Woodrow Taegel and six children have returned to their home in Detroit after visiting relatives and friends in Milam County.

Mrs. Lola Shannon and daughters, Joyce and Doris of Durant, Oklahoma, and Mr. and Mrs. Joel Garrett of Talihina, Oklahoma are visiting their mother and grandmother, Mrs. Mary C. Shannon in Cameron.

Mr. and Mrs. Thomas Sheguit and sons, Patrick and Mark, visited in the home of Mr. and Mrs. George Schneider and family at Brownwood over the weekend.

Supt. and Mrs. B. F. Harbour of Rogers are leaving Sunday morning for a vacation in New Orleans.

Mr. and Mrs. Robert G. Foster and family of Belleville, Illinois have been visiting relatives in the Cameron - Rockdale area. They stayed with Mrs. Joe Hollas of Marak. While in the state, they visited in Houston and Austin. Robert Jr. celebrated his 14th birthday while they were here.

MISS WILSON HONORED AT LINEN SHOWER

A linen shower at the home of Mrs. Laurence Laffere honored Miss Carol Ann Wilson Sunday afternoon.

Miss Wilson is the bride-elect of Mr. John Wayne Corlett of Richardson. They will be married in September.

Guests were greeted by the hostess: Miss Wilson; Mrs. Roy Bland of Taylor, mother of the honoree; Mrs. Dewey McElwrath of Cameron and Mrs. John Henry Wilson of Hearne, grandmothers of the bride-elect.

Assorted summer flowers decorated the living room where guests made rice bags of emerald green net, Miss Wilson's chosen color.

A refreshment plate of chicken salad, nuts, cake squares and frosted punch were served.

Mrs. Fuchs Named Committee Leader

Mrs. Leo Fuchs has been appointed chairman of national flower show judges for District 5 of Texas Garden Clubs, Inc. She was appointed by Mrs. Kenneth Blaschke of Smithville, district governor.

Mrs. Fuchs is a nationally accredited flower show judge and frequent judge of shows throughout the state.

POP, OP ART FOR PSYCHIELIC HOP

Pop art, op art and colored lights transformed Methodist Fellowship Hall for a Psychidelic Party Saturday night.

The Red Coats furnished music for the MYF-sponsored party.

GARDEN PARTY IN MARLIN FETES MISS SCHILLER

Miss Peggy Schiller of Cameron, bride-elect of Lee Bert Robinson, also of Cameron, was honored by Mrs. Albert Chilton of Marlin with a garden party Saturday evening.

Miss Schiller, daughter of Rep. and Mrs. Milton Schiller, will be married August 26 in the First Baptist Church at Cameron. Mr. Robinson is the son of Mr. W. A. L. Robinson of Cameron.

Approximately 75 guests called between 7:30 and 9:30 p.m. Members of the houseparty were Miss Peggy Schiller, Mr. Lee Bert Robinson, Rep. and Mrs. Milton Schiller, Miss Nancy Schiller, Mr. W. A. L. Robinson, Mr. and Mrs. Dan Sullivan and Mike of Austin, Miss Carol Bratcher, Miss Carol Bussell, Stanton Bussell, Robert Bussell, Miss Sue Paterson, Don Wagner, Mr. and Mrs. Frank Haskel, Mr. and Mrs. Perry Green, Dr. and Mrs. Stuart Chilton and Brad Chilton of Commerce.

Miss Schiller is a 1966 graduate of Baylor University and is presently employed in Waco. Mr. Robinson is a senior at Baylor University.

Hope Lutheran Church Luther Leagers, who have won all their volleyball games against other church leaguers this summer, were hosts for homemade ice cream for the church family night in Buckholts.

Women of the church will study "He is the Way, the Truth and the Life" this month.

Rachel Circle will meet at the home of Mrs. Calvin Rachui and Mrs. Stanley Glaser will be study leader. Ruth Circle will meet with Mrs. Milton Wright in Cameron. Mrs. W. B. Junek will be hostess for Martha Circle and Mrs. Massingill will lead the study.

Priscilla Circle meets at the home of Mrs. Joe Glaser with Mrs. Lloyd Ezzell as study leader. Mrs. Delfin Schiller is hostess and study leader for Rebekah Circle and Mrs. M. Coward will be hostess and study leader for the Cameron group. Hope Circle will meet with Mrs. Otto Denker, Mrs. Alvin Fuchs will lead the study. In Rogers Mrs. C. D. Synatzske will be hostess and Mrs. Kenneth Springer will lead the study.

Mr. and Mrs. John Simmons of Cameron, Mrs. Hillie Elsenburg and Mrs. Ruby Morris of Milano, Mrs. Belle Tyson of Maysfield all visited their brother and family in Phoenix, Arizona recently. They visited many places of interest enroute.

Mr. and Mrs. Hubert Jistel of Cameron have announced the engagement and approaching marriage of their daughter, Gwendolyn Gayle, to Mr. Tommy Gene Aaron, son of Mrs. Urbane Aaron of Temple. Miss Jistel is a 1966 graduate of C. H. Yoe High School in Cameron. Her fiance attended Temple High School in Temple. Miss Jistel is employed at the First National Bank of Temple and Mr. Aaron is employed at Mitchell's Business Machines, Temple. The wedding will be an event of September 23 at 2 p.m. at St. Monica's Catholic Church in Cameron.

Belfalls Cooperative Annual Meeting In Rosebud Friday

Belfalls Electric Cooperative, Inc., which services Falls, Bell and Milam Counties will have its biennial membership meeting at Panther Field in Rosebud beginning at 8:30 p.m. Friday.

Gene Linn, manager of the Belton Chamber of Commerce and a member of the Belfalls Electric Cooperative, will be the featured speaker. He was formerly from Rosebud, has been an assistant manager of the West Texas Chamber of Commerce and the Panhandle South Plains Fair. He was farm director for a radio and television station in Lubbock, has served as a National Chamber of Commerce Agricultural Executive, was vice-president of the Texas Assoc. of Fairs and Expositions, and president of Texas Commercial Agriculturist Council.

Members will also hear a progress report presented by Manager A. L. Freeman. The report traces the growth of the organization since its opening in 1942.

Entertainment will be provided by the J. L. Hartnett Band of Marlin and prizes to be presented during the evening will include a color television set.

Belfalls Electric Cooperative officers are Jim Falsone, president; L. A. Abel, vice-president; and C. L. Stock, secretary-treasurer. Directors are W. C. Collier Jr. of Troy, U. L. Pierce of Holland, Ted Ford of Rosebud, J. F. Shafer of Gause, Robert Zimmerman of Eddy, and L. C. Boyd of Cameron.

TEEN ROOM

A restaurant with teenage activity room for dancing and games has been opened by Marge and Les Pearson. It is located on Highway 190, one-half mile north of Hearne.

Remove Hazards For Prevention Of Fire In Home

Three-fourths of the more than 14,000 fires which will strike Texas homes this year are caused by carelessness, says the Texas Insurance Advisory Association.

The possibility of fire in the home can be reduced by making a check of potential hazards and removing them. Here are some tips from the TIAA on how to go about it:

1 -- Throw out unneeded combustibles, including old newspapers and magazines, discarded clothing, old paint cans, worn-out brushes and other combustibles. Never keep gasoline in the house. Cans of paint and paint brushes you wish to keep should be kept in tightly closed metal containers.

2 -- All electrical appliances should be checked to see if they are in good shape. Replace cords that are worn or frayed. Have needed electrical repair work done by a qualified electrician. Be sure that cords and appliances have the label or marker of Underwriters Laboratories. Only 15 ampere fuses should be used in the fuse box for regular household lighting circuits, and never substitute a penny for a fuse.

3 -- Have your heating system checked yearly by a qualified heating man.

4 -- Keep matches out of the reach of children and away from heat.

5 -- If members of the family smoke, keep plenty of ashtrays around the house and empty them frequently. Be sure cigarettes and cigars discarded in the ashtrays are really out before dumping into the wastebasket. And, of course, never smoke in bed.

6 -- Know the number of the local fire department, keeping a notation of it near the phone. If your city has fire alarm boxes, know the location of the one nearest to the house.

7 -- Have a fire escape plan for your home and make sure all members of the family know the details of it. Practice it. A family should be able to evacuate a typical one-family house in less than one minute.

8 -- When employing a babysitter, tell her how to get the children out of the house in case of fire. Be sure she realizes that if a fire occurs, she should get the children out of the house first, call the fire department next from a neighbor's phone and then call the parents.

The smart home owner will make an inventory of everything of value in every part of the house before a fire strikes. Keep this inventory somewhere other than in the house and leave a duplicate copy with your insurance agent.

In order to collect on insurance for the contents of a house, a list of damaged or destroyed property must be provided the adjuster. An inventory made in advance of a loss, together with any documents showing values, will be most helpful.

SURPRISE PARTY FETES BALUSEKS ON ANNIVERSARY

Mr. and Mrs. Johnnie Balusek of Buckholts celebrated their 25th wedding anniversary August 2.

They were honored with a surprise supper at their home by friends and relatives. Approximately 35 were present during the evening.

Refreshments were served including a tiered cake which was decorated with silver bells. Punch was also served.

The honorees were presented many gifts and were extended many good wishes.

After supper domino games of 42 and 84 were enjoyed by all.

In The Service . . .

U.S. Air Force Master Sergeant William A. Baxter, formerly of Rockdale, has been presented a Military Airlift Command (MAC) safe flying award at Tinker AFB, Okla., in recognition of his 5,000 hours of accident-free flying.

Sergeant Baxter was recognized for his outstanding skill and for his alertness and adherence to sound flying practices.

He was assigned to the Pacific area during World War II. The Korean War veteran has served in Vietnam.

The sergeant is a graduate of Rockdale High School, and has studied at the University of Texas.

OUTDOORS IN TEXAS

By Vern Sanford

Rio Grande carrot farmers may be able to develop a new outlet for their crop. Carrots as fish bait may be the answer.

A saltwater fisherman along the eastern seaboard has found that carrots make excellent lures for king and other larger offshore fish. Texas-size carrots should be most appealing.

Here's how they serve it. First the vegetable is frozen. When it thaws it becomes limp and easy to thread on a piano wire leader. By running the top end away from the hooks, there is little water resistance. Or, if the position is reversed, the end should be cut at an angle to reduce resistance in trolling or retrieving. I haven't tried it, so if it doesn't work, don't blame me.

But it sounds interesting.

There are many other similiar lures which have been used both in fresh and saltwater fishing.

For instance it has been known for years that cubes of Ivory soap make good catfish bait. Bream have been known to take small wild grapes. And there have been stories of bass striking small fresh onions impaled on hooks.

Other fishermen have used bananas or even banana peels successfully. These are all oddities, but if they work, they are well worth trying.

No doubt fish get itred of the same old diet of plastic plugs or imitation worms. So, it's easy to believe that they will fall for something else.

There is one thing for certain, fish sometimes have minds of their own. A group fishing on Sam Rayburn in East Texas recently were told a certain lure was hot. It had been producing big strings for about ten days. Several in our party tried them.

The school year will soon be under way again and young eyes will be working at one of the most important tasks they'll have in a lifetime . . . studying.

If there are school children in your family, take a good look at the lighting used for home study. Lamps should provide evenly distributed, glare-free, shadow-free light over the work area. The light source should be close to books and papers, but not so close to cause direct or indirect glare.

You can be sure of adequate and good quality study lighting with specially-designed, economically-priced lamps which are available at electric appliance dealers.

COUNTY AGENT'S NOTES

—By—

J. D. MOORE

Coastcross-1 is a completely sterile F, hybrid between Coastal bermudagrass and bermuda P.I. 255-445, the latter obtained from the Grassland station at Kenya, in 1958. This hybrid grows taller and has broader, softer leaves than coastal. It is highly resistant to foliage diseases and the sting nematode. Coastcross-1 has rapidly spreading, above ground stolons but develops very few, if any, rhizones. It makes more growth in the fall than coastal.

In replicated clipping experiments conducted at Tifton over a 5-year period, Coastcross-1 yielded about the same as coastal. Forage from Coastcross-1, however, consistently has been 11 to 12 percent more digestible than forage of comparable age and treatment from Coastal bermuda. This difference in digestibility should enable cattle eating Coastcross-1 to make up to 30 percent better daily gains than those consuming Coastal, assuming they eat the same amount of each grass.

In a preliminary hay-feeding trial at the Georgia station, dairy heifers receiving Coastcross-1 hay gained about 30 percent faster than those consuming Coastal bermuda. A pasture grazing experiment is underway at the Georgia station now.

Coastcross-1 is less winter hardy than Coastal. It has suffered loss of stand at Tifton following temperatures of 6 degrees F., but has quickly re-established itself the following spring.

Since Coastcross-1 is sterile and rarely produces rhizomes, it must be propagated by planting above ground stems and stolons. These will not stand much dehydration and should be planted as soon as possible after digging. The long, above ground stolons, cut into 6 to 8 inch sections, make excellent planting stock. Coastcross-1 spreads faster and becomes established quicker than Coastal bermuda.

Stolons are available at the Georgia Experiment station located at Tifton. The stolons sell for $3 per bu F.O.B. If the stolons have to be bagged for shipping an additional $2 per bu is added.

Georgia station officials suggest that Texas stockmen drive to Tifton, load the stolons in late afternoon and drive back in the late evening and at night to reduce the drying out of the stolons before they are planted.

An information file on this grass is being maintained in the county agents office.

D. C. Greer Postpones Retirement From Highway Commission

AUSTIN

The Texas Highway Commission has announced that D. C. Greer, State Highway Engineer, has submitted his resignation effective July 31 in anticipation of retirement.

However, the Commission stated that Greer had been requested -- and had consented -- to remain in the Texas Highway Department's top administrative post until December 31.

J. C. Dingwall, now Assistant State Highway Engineer, will be appointed State Highway Engineer on January 1, 1968, the Commission stated.

Members of the Commission are Hal Woodward, Coleman, chairman, and Herbert C. Petry Jr., Carrizo Springs, and J. H. Kultgen, Waco, members.

A statement by the Commission said:

"Greer's long association with highway matters -- particularly at the national level -- makes it imperative that we have the benefit of his experience in the critical months ahead.

"This is a period of great change. Highways will play an important role in development of the new Department of Transportation. Highway programs to follow completion of the Interstate Highway system are being formulated. Legislation affecting every highway department and every highway program throughout the nation is being prepared for presentation to Congress."

Auction Report—

There were 640 cattle and 291 hogs consigned to the Cameron livestock auction Thursday, according to auction barn officials. Prices paid were:

Steers: Good and Choice Fed		
Steers and Yearlings	24.00	26.00
Common to Med.	22.00	23.00
Fat Cows	14.00	17.50
Canners and Cutters	12.00	16.00
Stocker Cows	16.00	17.00
Bulls:	20.00	22.00
Calves: Good and choice		
Slaughter Calves	24.00	27.00
Common and Med.	22.00	24.00
Culls	20.00	21.00
Good and Choice Stocker		
Steer Calves	26.00	30.00
Heifers	23.00	26.00
Med. to Good Stocker and		
Feeder Steers	24.00	26.00
Cows and Calves:		
Good	185.00	200.00

BURTON BUYS ANGUS COWS

Hellice Burton, Gause, recently purchased seven registered Angus cows from Vaughan Jensen, Rockdale.

4-H CLUB ACTIVITIES

The Milam County 4-H records were due in the county extension office July 21. Purpose of turning in records is to judge what the 4-H'er has accomplished and to have a basis for honoring these accomplishments. A total of 26 record books were turned in.

Record books were judged on July 28 by a committee of adults, Mrs. Robert Jungmann, Mrs. Wavy Charles, Mrs. Julius Moultry, and W. S. Turner.

Records, awards program, and placing are as follows: Senior division: Santa Fe, Larry Jungmann, 1st place, Fire Prevention, Tommy Terrell, 1st, Clothing, Viola Lamere, 1st, Dress Revue, Betty Margaret Orr, 1st, Beef, David McLaren, 1st, Dairy, Wayne Jistel, 1st.

Junior division: Safety, Peggy Stephens, 1st, Citizenship, Deborah Stephens, 1st, Angora Goats, Walter Dean, 1st, Horticulture, Richard Lamere, 1st, Poultry, David Ehler, 1st, Daniel Gadison, 2nd. Field Crops, Clyde Jistel, 1st.

Swine, Donald Fleming, 1st, Joseph Jistel, 2nd, Ricky Richter, 3rd, Leroy Stephens, 4th, Home Improvement, Rosemary Ehler, 1st Sherry Zarosky, 2nd, Jane Anderle, 3rd, Karen Richardson, 4th, Mary Ann Anderle, 5th. Beef, Daniel Richardson, 1st, Harvey Dean, 2nd. Money Management, Rufus Lamere, 1st, Clothing, Quen Solomon, 1st.

Most of the records turned in were by first or second year 4-H Club members. They did a very good job on the records and it is a good start. All the first place winners will go to District for judging August 17.

The District 8 4-H Dress Revue was held July 27 at Stephenville. Betty Margaret Orr of Rockdale in the senior division and Quen Solomon of Minerva in the junior division, represented Milam County Quen received a Blue ribbon and Betty a Participation ribbon.

Viola Lamere served as a hostess at the revue. Mrs. D. D. Solomon and both county home demonstration agents accompanied the girls.

The State 4-H Horse Show is being held August 10-12 at Odessa. Shelley and Renda Roddam, and Murray McDermott will represent Milam County. They are accompanied by their parents and the assistant county ag agents.

Remember the County 4-H Camp August 22. Your cards must be in the office by August 10.

Your Serviceman —

WICHITA FALLS

Airman Third Class Eddie J. Stephens, son of Mr. and Mrs. E. B. Wise of 806 W. Sixth St., Cameron, has been graduated from the U.S. Air Force technical training school at Sheppard AFB, Tex.

He completed the aircraft mechanic course conducted by the Air Training Command which provides technical and specialized education programs for the nation's aerospace force.

He is being reassigned to Tan Son Nhut AB, Vietnam, as a member of the Pacific Air Forces.

Airman Stephens is a graduate of O. J. Thomas High School.

In 1626 Peter Minuit purchased Manhattan Island from the Indians for trinkets worth about $24.

Poage Favors Tax Increase, Strikes Deficit Spending

Congressman W. R. Poage announced his support of President Johnson's proposed surtax in his weekly newsletter written August 4.

Cong. Poage indicated that he expected little actual decrease in spending by the Congress and he favored a tax increase rather than a deficit increase that would cause more inflation.

He said "Actually, what the President has proposed is some increase in tax, some increase in the deficit, and some decrease in spending. Most everybody will agree that the decrease in spending is the more desirable alternative until it comes to putting it into effect.

"Instead of a decrease in salary, all government workers talk of an increase. Instead of a decrease in Social Security, most recipients feel that payments should be larger. Instead of a decrease, Medicare, Federal Aid to Education, Federal Aid to Hospitals, etc., there is an insistent demand for additional money.

"Last year I was the only man in the House who voted against the annual increase in federal salaries," he continued. "I believe we would all be better off to hold the line than we are to increase our expenditures but I know regardless of what I want that these expenditures are going to increase and that we are going to have to face the issue of new taxes or higher living costs. I prefer to pay the bill while business is prosperous and everybody who wants to work can get a job."

As early as 1620 Cornelius Van Drebbel, a Dutchman, successfully operated an underwater rowboat.

HD Club Notes

By Christine Laws

August is Sandwich Month. Stacked one on top of another, they would scale the height of the Empire State Building.

That's right, there are more sandwich combinations than there are floors in the tallest building. They are so tasty that they could never be left alone long enough to build anything -- except strong bodies and hearty appetites.

There is an endless variety of sandwiches that are time-tested favorites, but there are even more that are waiting for your invention. That's a special feature of sandwiches -- they want you to be creative.

Sandwiches won't alleviate the old problem of "what's for supper tonight?" but they can surely help to fill the menu bill. Shall it be chicken, turkey, fish or processed meat sandwiches? Have you tried grilled, baked and open-faced sandwiches? Let your imagination run rampant! Don't forget that cheese has a voice of its own when it comes to sandwich making. There are numerous varieties that make for good sandwich eating.

Why have sandwiches suddenly become so important? Well, there are many reasons. One is that Americans like sandwiches. So well in fact, that they consume about 90 million every day. The peak of sandwich consumption is in late summer. That's why August has been declared Sandwich Month.

You can start off by having sandwiches for breakfast. You can combine all of the ingredients of a good wholesome breakfast for the breakfast sensation. Eggs and milk are the "dip" for the bread; chopped prunes, nutmeats, sour cream and maple syrup compose the refreshing filling. Just toast the bread to golden brown crispness, and add the filling. That's a real breakfast eye-opener!

Polynesian Beef Sandwiches

The balmy breezes of the Islands will lure your family to the table when you serve them these sandwiches. For the filling, pour 1 cup water into skiliet and add ½ lb thinly sliced roast beef cut into small peices. Pour in one cup sliced water chestnuts and cover the skillet and heat. Combine 2 tbsp each cornstarch and soy sauce, 1 tsp Worcestershire sauce, and ¼ tsp pepper with ½ cup water. Pour the mixture over the meat.

Stir constantly until thickened and clear. Portion ¼ cup of meat mixture onto 8 sliced sesame sandwich buns. Served hot, there is enough here to satisfy eight hearty appetites.

Zesty Thuringer Sandwiches

These make great "Po'Boy" favorites. To prepare, have ready 6 sliced poor boy buns, ¾ cup pizza sauce, 2-3 cup chopped green pepper, 4 cooked Thuringer sausages, thinly sliced, and 12 ½-oz slices Swiss cheese.

Fill each bun using 2 tbsp pizza sauce, 1½ tbsp green pepper, 10 to 12 slices sausage and 2 strips cheese. So good you feel like climbing the Leaning Tower of Pisa!

Sandwiches make hearty meals when you include all of the makings. Depend on the foods that are in plentiful supply. This will help you cut down on meal costs. For August, USDA's Consumer and Marketing Service reports that turkeys, fish fillets and steaks, lemons and limes, seasonal vegetables and peanuts and peanut butter are abundant. Use them in your sandwiches.

AT MARY HARDIN-BAYLOR

Dorothy M. Johnson of Cameron has enrolled at Mary Hardin-Baylor College for the second summer session. Dorothy, daughter of Mr. and Mrs. Andy Johnson, is a senior elementary education major and is a member of Sigma Tau Delta.

The Navy is building a total of six Deep Submergence Rescue Vehicles, (DSRV), the first of which is scheduled for sea trials in 1968.

Refreshing the Nation's Economy

What is the brewing industry worth to the American economy? Reckon it in billions. Here are some of our annual outlays, in round numbers:

Excise taxes (federal, state, local)$1.4 Billion
Agricultural purchases (grains, etc.) .$215 Million
Packaging purchases (wood, paper, metal)$550 Million
Salaries and wages$2.5 Billion

ON THESE FOUR ITEMS ALONE—MORE THAN $4 BILLION

The Breweries of America Pump Constant Refreshment into the American Economic System.

PUBLIC NOTICE

Proposed **CONSTITUTIONAL AMENDMENT**
NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars ($400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars ($400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces abovenamed and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional $200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional $200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Preaching 11:00 a.m.

When Jack Sinclair retired, he took his wife on a holiday cruise. They'll be home next week, and I'm certainly going to tell them how much they've been missed here at the church.

Like all ministers, I need a lot of help from my congregation to make our church a happy, inspiring place. Sinclair and his wife are just two of the many older members that keep things running smoothly. I depend on them for good ideas, for experienced administration and, very often, for a wise approach to young people's problems. In return, the Sinclairs have often told me how important their church has been in their lives, and how they both enjoy being needed.

That's one of the great secrets of life, I think . . . to be needed. And there isn't a church anywhere that doesn't have a real need for "senior citizens" to help with God's work.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Rogers School Board Adopts $286,352 Budget For 1967-68

ROGERS

At the regular monthly meeting, the Board of Trustees of the Rogers CISD amended the budget for the current school year, on recommendations as presented by Supt. B. F. Harbour.

The Board held the annual hearing on the school budget for 1967-68 school year, and adopted it. Since 1966, school budgets include federal programs such as Title I and Title II of the National Elementary and Secondary Education Act of 1965, and Head Start.

Expected income will be from local sources: $29,860 from the local maintenance tax; $12,931 for debt service tax; delinquent taxes, gifts, sales, rentals will be $240, for a total from local sources of $44,831.

The sum of $104 is expected from the Bell County available tax. State income is expected to be $223,474, which includes $30,148 from Title I and $1,442 from Title II. Money from federal sources will be $5,500 from Public Law 874, and $12,243 from Head Start. Total revenue is expected to be $286,152 plus $200 from sale of property for a grand total of $286,352.

Assessed valuation of the district is $2,449,097 with a maintenance tax rate of $1.27 and a bond tax rate of $.55, total $1.82.

Estimated expenditures include $17,450 for administration. Instruction will cost $205,938 with $198,505 going for salaries. Health services will cost $6,820; transportation $20,699, operation of the plant or housekeeping will cost $12,481; maintenance of the plant, $2,900; fixed charges $2,703; food service $1,761 which does not include the regular operation of the lunchroom program during the school year; student body activities $1,050, capital outlay $1,320; retirement of serial bonds and interest on bonds and other debt service charges $13,230. Total expenditures will be $286,352.

In other business, the Board voted to cooperate with the Bell County Mental Health and Mental Retardation Board in administering that program; voted to participate in the Regional Educational Service Center Region XII at Waco with a local per A.D.A. cost of 50 cents this year; accepted the resignation of A. A. Kretschmar as math teacher in Rogers High School the past 13 years, and the resignation of Mrs. Beverly Allaband as English teacher.

Keeping Up With Selective Service

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado St., Austin, Texas 78701. He will welcome your questions.

Q - What must I do to qualify for II-S classification as an undergraduate college student?

A - You must file a written request with your draft board after June 30, 1967. At the end of each school year you must furnish the board with convincing evidence that you are continuing to pursue satisfactorily a full-time course of instruction.

Q - How is the phrase "satisfactorily pursuing a full-time course of instruction" defined?

A - An undergraduate student taking a four-year course must earn 25 percent of the credits toward his bachelor's degree at the end of his first academic year, 50 percent at the end of his second, and 75 percent at the end of his third. If five years of study are prescribed by the school for a bachelor's degree in some field, a student must earn 20 percent of the total credits toward the degree each year.

Q - What is meant by a "student's academic year"?

A - In determining a student's eligibility for classification in Class II-S (colelge student), his academic year shall include the 12-month period following the beginning of his course of study.

Your Serviceman

USS WILTSIE

Machinist Mate First Class Robert W. Low, USN, son of Mr. and Mrs. H. W. Low of Calvert, took part in the 18th annual "Sea Fair" celebrations in Seattle, Wash as a crewmember of the destroyer USS Wiltsie.

"Sea Fair" provided an opportunity for the citizens of Seattle to better understand the nature and mission of the U.S. Navy. For four days, ships of the U.S. First Fleet held open house aboard their ships, complete with guided tours.

The first American land offensive in World War II took place in August, 1942, when the Navy landed Marines on Guadalcanal, Tulagi, and Florida Islands in the Solomons.

4-H IN URBAN AREAS

Among the projects especially suitable for city and suburban 4-H'ers are automotive, safety, health, home economics, dog care and training, community beautification and photography.

Why The Christian Science Monitor recommends you read your local newspaper

Your local newspaper keeps you informed of what's happening in your area — community events, public meetings, stories about people in your vicinity. These you can't — and shouldn't — do without.

HOW THE MONITOR COMPLEMENTS YOUR LOCAL PAPER

The Monitor specializes in analyzing and interpreting national and world news . . . with exclusive dispatches from one of the largest news bureaus in the nation's capital and from Monitor news experts in 40 overseas countries and all 50 states.

USDA Lowers Vaccination Age For Brucellosis

COLLEGE STATION

The minimum age for calf vaccination against brucellosis has been lowered from four months to three months, according to a United States Department of Agriculture announcement.

Research has indicated that acceptable resistance is induced with the strain 19 vaccine on three-month-old calves. This early age vaccination also reduce the possibility of calves producing reactors that can confuse the brucellosis test.

The early age vaccination is also expected to help the cattle producer because it will often fit better with his regular management practices.

The amended regulation defines "an official vaccinate as a female bovine animal vaccinated against brucellosis at the age of three through eight months." If the heifer calf is a beef breed on a range or semi-range area, she may be vaccinated from three to eleven months.

The vaccination of heifer calves past the age of eight months is discouraged by the USDA because of the possibility of persistent reactors.

"Producers in Texas counties yet to enter the brucellosis eradication program should continue on this vaccination program," Dr. C. M. Patterson, Texas Agricultural Extension Service veterinarian advises. "Eliminating as much infection as possible will speed up certification when the county enters the eradication program."

SWEET NEWS

Beekeepers in Texas, on July 1, had an estimated 234,000 colonies of bees, 2 percent less than a year ago. These colonies, said the Texas Crop and Livestock Reporting Service, will produce the 1967 honey crop and the number ranks Texas third in the nation.

4-H AND HORSES FORAGE TESTING

A forage test is a valuable tool in developing economical livestock feeding programs.

Oberlin College in Ohio, was the first college to confer degrees on women.

Family Honors Mrs. T. Garrett On 80th Birthday

By Mrs. J. A. Blasienz

Mrs. T. W. Garrett celebrated her 80th birthday at her home in Bryan last weekend. All of her children and their families were present except two, Mr. and Mrs. John Garrett of Fort Worth and Mr. and Mrs. Roy Garrett and family of Victoria.

Her daughter, Mrs. Joe Hauk, and her grandson and family, Mr. and Mrs. V. W. Hauk, Marilyn, Larry, Polly and Donnie of Clarkson and Mr. and Mrs. V. A. Hughen of Jones Prairie attended the celebration.

Mr. and Mrs. Oscar Skala and son Raymond, with Mr. and Mrs. Melvin Posvar of Cyclone visited at Six Flags last weekend.

Melissa, daughter of Mr. and Mrs. Jackie McCollum of Houston, spent the past week with her grandparents, Mr. and Mrs. George Dodd and children while her mother attended a teachers' convention in that city. Her parents came for her during the weekend. They returned home Sunday afternoon.

Mr. and Mrs. Louis Skala visited their daughter and family, Mr. and Mrs. Melvin Posvar, Malinda and Alan Wade of Cyclone on Friday afternoon.

Mr. and Mrs. James Ernst and children, Jeanice Marie and Jimmy Wayne of Dallas were weekend guests of his parents, Mr. and Mrs. Leon Ernst. Mr. and Mrs. John Ernst of Rosebud were Sunday guests in this home.

Mrs. Robert Mays of Temple visited her grandmother, Mrs. J. A. Blasienz Sunday afternoon.

Mr. and Mrs. Billy Steussel of Temple and Mr. and Mrs. Amos Doskocil Jr. and children of Ben Arnold were guests of their mother, Mrs. Amos Doskocil on Sunday.

Mr. and Mrs. Alvin Dodd of Walkers Creek and her neices, Misses Rose and Sue Rhodes of Freeport visited his mother, Mrs. V. D. Dodd on Sunday.

Mrs. Billy Ernst and son David of Rosebud visited her parents, Mr. and Mrs. Louis Skala recently.

The top 240 4-H horsemen and/or horsewomen in Texas will be in Odessa August 10-12 participating in the annual Texas 4-H Horse Show.
